## Parent/Legal Guardian Approval to Participate in the Train-A-Pilot Program

Please circle your answers below:

1. Do you support the applicant's pursuit of aviation flight training? YES NO
2. Do you acknowledge there will be a significant time commitment required to complete private pilot training? YES NO
3. Are you willing to assist the applicant in making the necessary time and resources available to pursue training? YES NO
4. Do you acknowledge there will be additional expenses outside of flight training (study materials, aviation physical exam, written exam and checkride) that will cost approximately \$500, which will not be covered by the EAA? YES NO

Be aware that a rapid completion of the flight training results in a lower overall cost . EAA Chapter 274 has committed to a funding level of \$7,000.00. If the applicant should require more training time, the additional cost would up to the applicant.

Do you accept this possible cost overrun. YES NO
